

How to get to SIMIS from Pagoda Hotel

The SIMIS building is located almost directly north of the Pagoda Hotel. Since the SIMIS building is quite tall, you will be able to see it along the way as you follow the walking route:

1. **Exit Pagoda Hotel** and turn **left** at the main gate.
2. Once you reach the main road, turn **left** again onto **Zhengxue Road**.
3. At the **first intersection**, turn **right** onto **Guotong Road**.
4. Walk **along Guotong Road**. (Note: If you look on Guotong Road, you can see the *SIMIS* building in the distance. It will also lead you in the direction.)
5. Continue straight, passing through a **small square with a parking lot**.
6. You will then arrive at the **SIMIS building**.
